MONTHLY REPORT, CONTINUED - (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Dear Dr. Jackman,

The highlight of our January program was the communion service held for the patients in the hospital. 24 negative patients and 28 positive patients were served. The positive patients sang hymns so beautifully that they sounded like a choir.

Congregational meeting and reports were extra this month.

Thanks for the increase in salary and the generous travel allowance. I did not send in two gas receipts for December and I am listing them with January's expense.

There is always a terrific amount of work which needs to be done.

Dear Dr. Jackman:

I helped with registration for the meeting of the Alaska Council of Churches held on Sheldon Jackson Campus early in February.

Church officers training was held for four weeks. Church family night and regular church activities made February a busy month. The hospital continues to be full of patients and it takes time to visit all of them.

The church offices are at last becoming a reality. Office furniture has arrived and soon it should be easier to get some of our work done.

Dear Dr. Jaskman,

This month I have been meeting with Edgecumbe students after school in Mr. Willis' Office (Religious Coördinator) - with girls on Mondays and boys on Thursday. It gives me a better chance to become acquainted with them and I have been able to tell them about the Churchmanship classes and other activities of the church. Several are attending these classes.

I have also done some calling at the trailer Courts. With the full program at the church and 100 patients in the hospital it has been very hard to find time for church calling.

The little projector arrived and I am so thrilled. It is just right for my needs.

Dear Dr. Jackman,

The Easter services were very rewarding especially the service with the patients on Easter afternoon. Four patients were served bedside communion.

High spots of the month were the visit from you and the moderator, and the inspiration of Presbytery.

I held conferences with small groups of Edgecumbe students each week except the week in Juneau — one evening with girls and one evening with boys in Mr. Willis' office at Mt. Edgecumbe.

A party for Edgecumbe students was held at the Church and Sunday afternoon open house for those who cared to come. Reba McClure

Dear Dr. Jackman,

Early in May the church gave a Smorgasbord dinner in honor of the seniors from the three High schools and the Junior College. The dinner was quite a success and we hope to do it each year.

A Bible school teachers workshop was held one day with sessions morning and afternoon.

Many things are done for the end of school and in preparation for the Gavins vacation.

The Gavins leave May 20th and were on our own with the props gone.

Teacher recruiting and Bible school preparation gives May a busy ending as we began Bible School May 31st.

Dear Dr. Jackman,

Needless to say early June was busy with 174 pupils enrolled in our Bible School and Mr. Gavin away on vacation.

At our evaluation meeting for Bible School, our teachers felt that things had gone very well considering our crowded rooms. Plans were made to improve our Bible school for next year.

During Mr. Gavin's absence I have not held a Children's program at the Hospital or our Saturday morning group in Sitka. The Mariner scouts have had a program for the hospital children at the time of my program. I have contacted the children individually when pasible. It was good to see you. Reba McClure

Dear Dr. Jackman,

Although some of the extra activities of the church were not going on, and the number of patients in Mt. Edgecumbe hospital was down a little bit, July was a busy month.

An effort was made through work nights to finish up unfinished parts of the church before Mr. Gavin's return.

Some progress is being made.

New people are coming into the community and efforts have been made to welcome them to the church.

I made calls at Sitka Community Hospital, too, during this summer.

Dear Dr. Jackman,

During August, our work projects have continued on the church. Also work on our files and better mailing addresses for church members and Sunday School pupils.

A very successful fellowship dinner was held after the morning church service one Sunday. Many felt we should do it again soon.

Each Sunday following a coffee hour has been held. These were attempts to make new people feel at home and get acquainted. There has been some success, but many still are not reached without more door to door calling. Gavins will be home next week. Some plans have been made for fall program. Reba McClure

Dear Dr. Jackman,

September was a busy month with the opening of Schools in Sitka and Mt. Edgecumbe. Two first grade classes also moved into the Church.

Teachers meetings and Conferences were held to get the Sunday School underway for the fall program.

Mr. Gavin was not back yet when the classes began for our 176 Presbyterian students at Mt. Edgecumbe.

We lost a lot of people in the spring but the Sunday School enrollment is as good as last year and a lot of new people seem to be coming to the church.

Dear Dr. Jackman:-

Several special things took place in October starting out with World Wide Communion services in the Church and at Mt. Edgecumbe Hospital - Nearly 60 persons were served in the two services at the hospital.

Ruth McClure from the Board of Christian Education held a Conference with our teachers and officers. I also attended a meeting of the Christian Education Committee of Presbytery held in Juneau the first week of October.

A party with around 90 young people attending was held in the Church. This party was planned by Mt. Edgecumbe, Sheldon Jackson, Sitka, and Practical Nursing Schools. The last week of October I left to take my mother back to Illinois.

Dear Dr. Jackman:

The first week of November I was on vacation and had the privilege of being in the office. Was sorry not to have a chat with you, but Miss Kerner and others took care of my every need and made my visit very pleasant.

It was good to see you briefly in Anchorage.

I returned to a hard and busy time after being away three weeks and with many preparations for Christmas to be done in both Church and Mt. Edgecumbe and calls to be made on patients.

Dear Dr. Jackman,

The Christmas program of the Church School was held on December 18th with many hours of preparation. Due to illness some of our teachers were unable to help.

77 Christmas gifts were delivered to the Hospital patients with the help of the Deacons. 188 sacks of cookies and candy were delivered to our Mt. Edgecumbe students with the help of Presbyterian Women.

Slides were shown and a treat given at Mt. Edgecumbe Children's program on Saturday before Christmas.

New Years Eve a communion service was held in the Church.

MONTHLY REPORT, CONTINUED ✓ (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

January brought its usual north winds, snow, ice and planeless days, although this year hasn't been as severe, our longest mailless time being one week. Bill Pritchard arrived to "insert" me on the same plane his letter announcing his arrival, and my wife and one girl took off on the same plane for dental work in Haines. So we batched from Fri.-Mon. and I must commend the Assistant secretary for his dish-washing skills; also his ability to captivate small children, which ability is surely part of his job classification up here! The service of introduction took place the same day we ordained new elders and installed other officers, and it was a most moving service. Bill is well acquainted in Skagway now, especially since he served in a pastoral capacity for one of our families whose child was close to death in Juneau. We had our own doctor for a month, but he has left as his health is very poor.

We ordained as ruling elder a man who is an alcoholic and who has been active in AA, and with his guidance I hope the church may begin to minister more effectively to those afflicted with this disease of whom there are far too many in Skagway. We were also able to recruit a new choir director (our organist), thus freeing the pastor from a task he is unqualified to do; a Jr. choir leader; head usher and assistants, and I am grateful that the Lord raised up several young men to serve as trustees--three who have never held office before. Our annual meeting was fairly well attended in spite of a wreck on the railroad that day which kept a work train out late, and we adopted a forward looking budget of which almost $8000 has been pledged. Work on the church basement has finally resumed--I didn't think the men would ever get around to it, and sadly, the moving away of one elder was the big event as he had somehow rubbed some of the men the wrong way in the past. We are working resolutely to get the church roll in decent shape, but it is a long pull trying to contact so many absent members. This church is probably unusual in having only 4 resident suspended members, although some other names may have to be added in the near future. We now have an active evangelism committee on session and they plan a more or less intense evangelistic effort between now and Easter. My personal goal is to help the entire church become primarily an evangelistic fellowship, and it is gratifying to have members showing a little more concern for those outside the church. However, they still seem to think the pastor should do the evangelizing, and I refuse because I have found that to bring outsiders into a church that is not as a whole deeply evangelical, while it may make for big numbers and a feather in the pastor's cap, it seldom really adds consecrated souls to the kingdom.

One day I spent longshoring and found it a good opportunity to meet men who are not active in the church; two other days I taught high school when a teacher was ill with the flu which has been going around town. As a member of the legislative committee of the chamber of commerce, I've been receiving copies of all bills introduced into the state legislature and also some from Washington, so this has been an education in itself.

MONTHLY REPORT, CONTINUED / (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Our third family night supper was well attended and we began a series of studies on mission work in Africa, the current study theme. We are trying to limit these suppers in time so that we are done by 8:00 and people seem to appreciate this arrangement. We have planned them through May, with a family picnic at camp during the summer if it can be arranged. Church attendance was up in Feb. and we hope this is a good sign. We did honor our scout troop on scout Sunday and also arranged a court of honor which was well attended; we feel our scouting program is flourishing under our two capable leaders; also the troop committee has begun to function with some new blood appointed by the session. Our junior choir is singing each month and even have their own organist, a 6th grader who is trying hard to learn organ: attendance was large when they sang. Then we finally got to Youth Sunday after 3 weeks in which many of our youth were trying to fly to Haines for a basketball game and we couldn't be sure who would be here. The young people took the entire service, with their adult adviser (who is also the local basketball coach) presiding; I sat in the choir and had the morning off. One of our boys, who is a poor reader and behind in school, nonetheless volunteered to take part of the sermon and did very well without notes, something everyone remarked about. The young people are taking more and more responsibility for their evening fellowship meetings and this has been good experience. One of our teen-agers won the American Legion oratory contest and is competing at the state level (I was a judge but trust I wasn't too biased.) I am also thankful to have 6 high school youth in the communicants class, one of them taking it over although she is already a member. We have not gone after the junior highs for church membership this year unless their parents are strong members already.

Roller skating has been going on Wed. and Sat. with one of our couples in charge but with several families helping. I've helped some but am not directly involved. The session has decided to invest whatever profits we make (probably about $125) in the community summer recreation program which the church is spearheading: we have offered to provide housing for any student who may come and I have written through Mayreld Swanson to procure a seminary or college student from the church. The city will also invest about $500 in the program, and we will canvass other organizations for help too. Our session committees on Christian education and evangelism are on the ball and I am very thankful for this lay leadership. We are taking a religious census and plan a visitation program during Lent; I also note a growing concern among our members for those outside the holy community and pray this concern will ripen into a continuing evangelistic effort. Our women's work is still not up to snuff, but it takes a long time to bring about necessary changes once they are recognized. A local ACS man and I finished the electronic system in the church so now we can broadcast our services to the nursery in the basement provided the minister remembers to throw a certain switch; otherwise, he preaches a full 60 watts to the whole town! A recent sermon which referred to gambling in Alaska caused considerable discussion among the faithful for which I am thankful.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

I was chased out of the church study for about two weeks while it was remodeled from top to bottom, ceiling lowered, new window, new cabinets and bookcases, new tile (which we donated) on the floor. I feel almost guilty using this attractive room, the first real study I have ever had in 9 years ministry. I spent almost a week working on it myself, trying to keep ahead of the carpenter the trustees hired to do the skilled work; our electronic system is now permanently installed in the study. Work on the church basement has been progressing regularly each week, and one or two more sessions ought to just about finish it save for the painting. A local carpenter is building cabinets to order, and we are finally going to get some decent tables for dinners. Our family suppers seem to be holding up well and have even been the means of some evangelistic contacts which to my mind justifies them even more. The session voted to "adopt" a missionary as our special overseas representative, Miss Catherine Alexander of Iran, who is already connected with Alaska. The response has been good. Our One Great Hour offering totalled over $160 compared to $73 last year, and the treasurer informs me that the pledges are paid up save for about $50. However, we do proceed on a month by month effort, current bank balance being about $3.00.

Five teams went out visiting for decisions March 20, taking cards and literature to some 25-30 homes. They were thrilled with the results, obtaining some 10 decisions, 6 of them on profession of faith. I was more concerned with the visitors than with the prospects, many of whom I knew to be ready to decide. One or two more times and we shall begin to grow toward becoming a truly evangelistic fellowship. Two of our professions are former Roman Catholics, one of them a real tough union leader on the dock. He has a problem with liquor still, but we pray we may help him overcome it. We have also reached one or two other more or less "hard cases," mainly through the choir and especially one of our choir members who is a real witness; the choir has grown so large we don't have enough chairs for them all, or robes either if they all show up. If we can get these former outsiders truly adopted unto Christ through the Church, we may have a beach-head through them to many others who are presently just watching, or curious. The church's ministry to the city through the scouts, youth group and skating program has helped make our relationships with non-believers at least friendly. And now that I have been here a while I find more coming in for counselling too. Bible school dates are set and we hope to draw teachers from others than our regular Sunday school staff.

One serious weakness still is a lack of organized social consciousness among our people; there are numerous social evils evident about which many complain but that's about all. However, a relationship of love and understanding must first be established before much positive work can be done in this important area of the church's witness.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Our session has decided to meet earlier each month and to spend the extra time taking a good look at the entire program of our church in the light of our understanding of our mission in this community. Since this is an honest evaluation, the session decided to start first with itself and so far two meetings have been devoted to this study. Already leading out of the discussion has been the desire and action of the session in offering more true spiritual oversight to the church (as a true bishop ought) with the view that as the session carries out its duties here it may also be able to enforce some discipline that will have meaning. It is my conviction that these studies may lead to some great things in the months that lie ahead, with the help of the Holy Spirit. The session examined new members in two groups, spending about an hour with each group, and I felt we had a fruitful time with these people, especially since most of them had come as a result of lay visitation. Several other families inquired about membership during the reception after the Easter service, but we are determined to make membership in the church meaningful and not just a casual affair.

Bible school plans have been completed, the curriculum is here, and the staff is recruited. I sought teachers other than our regular Sunday school staff and was able to find about 10 who are parents of SS children but not all too active in the church. This may be a way to involve them; they will be serving along with some of our more experienced leaders.

We had five attending presbytery-presbyterial in Juneau, two for the first time, and they seem to have profitted from the meetings. It is my hope especially that our women may be able to find more effective ways of serving the mission of the church; since they are no longer in the fund-raising business they are not quite sure where they fit in the church's ministry. We are in need of a men's Bible class and/or fellowship group and may project one for the fall. The tourist season is just around the corner and we will feel it as our railroader's schedules get more and more crowded. Our scoutmaster is taking about 15 boys to scout camp and the church troop committee has been faithful in backing him and his assistant up in their activities. Spring fever has invaded the youth group, but we have a SS room painting party ready to go as soon as school is out. It seems young people have less time in the summer than during school. I am happy that one of our 7 high school graduates is just about entered at Sheldon Jackson; I had a long talk with her parents who are not church members, and I feel she will be a good addition to the school at Sitka.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

As has undoubtedly been reported by every pastor in Skagway, summer months find many of our people missing from the life and activities of the church due to the requirements of their jobs. Unusually hot and dry weather also sent many to the hills at every opportunity during May, and I for one cannot condemn them. Sunday attendance has suffered some but I feel many have made a real effort to be faithful. I preached the baccalaureate sermon this year and also took part as chaplain in the Memorial Day ceremonies conducted by the American Legion. I also spent what seems like a lot of time in getting familiar with my duties as presbytery Christian education chairman, writing letters and going over files as well as carrying out some tasks in connection with the forthcoming summer programs. One of our elders and I spent a day or so at Rainbow Glacier Camp helping install the new stove and working in the new Bromley Hall. We had two joint Bible school staff meetings and one each for the various age groups, and the response and work of the teachers has been excellent. We spent the better part of two weeks painting the rooms in the basement, with the young people providing most of the labor and the pastor cleaning up after them! About a dozen of our young people will be involved at Rainbow Glacier Camp this summer and 15 more from our scout troop are going as a troop to scout camp. Mumps has invaded our town for the first time in 10 years and many are falling, including several adults. We lost 4 juniors the first day of Bible school. I have also been meeting with the committee in charge of the summer recreation program—known now as Skagway Youth Activities—and we have held a community canvass with the young people doing the door to door work, raising so far over $150 toward expenses. We now have more than we shall actually need as far as paying the summer workers' salary, but we would like a little extra for supplies and for next year.

At the manse, our garden has been a source of early morning activitiy and in a sense relaxation. We have quite a few vegetables already up and are considering sweet corn just for fun. According to old timers, the whole community has taken a more active interest in clean yards, gardens, etc. this year than in quite a few years. I have tried to make this a project for our Christian people to be leaders in achieving, which means the manse has to measure up too!

MONTHLY REPORT, 'CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

There is not too much to report for June as I spent most of the month either on a "vacation at home" or out of town--hence the lack of pastoral calls. Our Bible school ended with a good parent's program which did not involve hours of extra and unrelated labor on the part of the teachers, yet gave the parents a chance to share in the children's work. I spent the next two weeks batching while my wife was in the south 48 attending her sister's wedding. During this time Mr and Mrs Earl Fair of Pittsburg seminary arrived to begin the summer recreation program in which our church has taken the lead although the city is officially sponsoring the program. Reports are all good and their excellent leadership has been a real aid to families during these busy tourist months; likewise, Earl preached his first Sunday in Skagway as I had to leave for synod. Their program includes a playground for all ages, roller skating, hiking, teen-age club and all sorts of sports. Probably 75 different children and young people are taking part in the activities.

Highlight of June was the trip to synod and the opportunity to represent Alaska at this rather unique meeting for us in that it was the first one we had attended in force. Much talk about Alaska both with the men of the synod and among the Alaskans, especially in the light of the current study and survey program. I feel our relationship with synod will grow both in fellowship and in our ability to contribute to the over-all mission of the church in Washington-Alaska.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Part of my ministry involves serving as a reserve chaplain in the United States Navy, and I am happy that the people here are quite willing for me to take part in this service, which requires that I be away on active duty for two weeks each summer. I left Skagway on July 14 in order to obtain needed physical examinations at Anchorage and report for duty at Kodiak on the 18th. Under the supervision of the senior naval chaplain, my duty included working in the office of the chaplain, observing the total program, preaching at chapel, conducting some general business in preparation for Bible school, etc. I also held services aboard a submarine and was available for counselling at all times.

Enroute home from Anchorage by car, I was able to visit some of our work in the Yukon presbytery which proved valuable. I also took part in a college age conference at Kings Lake camp under sponsorship of First Church Anchorage.

Our capable seminary worker, Mr Earl Fair, carried on the work here in Skagway and did a fine job as I had expected. I am especially encouraged that our Sunday school has held up in both attendance and teacher participation better this summer than ever before, and this is due I believe to advance planning of teacher "vacations" by our Christian Education committee. We have not been able to capture the teen-agers very often, either in the WF or in the community sponsored teen-age club, where attendance has been irregular. We did have several helping in painting the church basement, which is now finished save for some cabinet work.

We were pleasantly surprised to fix when we returned to find the trustees busily installing a new stainless steel sink in the manse kitchen; also new cabinet tops and work areas. So we will probably want to do some painting later on. I am also quite busy with Rainbow Camp as being manager is almost a full-time job; we spent two days last week making advance preparations for the 2 camps which come this month--my wife is cooking as we could not find anyone else to do it—2 other possibilities failed to materialize. We have also had contact with numerous tourists whenever we have been here and are always happy for their interest—many of them turn out to be active Presbyterians.

I was in Skagway less than one week during August, yet I did manage to be present on Sundays for all services due to daily service between Haines and Skagway via the MV Blue Star. The people of Skagway have been very generous in sharing their pastor's time with the U.S. Navy and Rainbow Glacier Camp during these summer months, but the only bad part is that pastoral work suffers.

Our annual church and Sunday school picnic at Rainbow Glacier Camp found us with as many or more than the Anna Jackman can safely carry, with a larger percentage of adults taking part this year than last. The weather was not perfect, but it did not rain and we were able to see the camp while it was in session. Our people were there last year soon after the fire and were quite thrilled to see the new Bromley and to know that a proportion of our own benevolence giving this year is going to the camp. I was busy as camp manager and my wife as cook, but the picnic went off fine—we had our worship service on board the boat coming down. We are grateful that the boat could be available for this outing, and to the skipper and crew for making the extra effort.

The work on the manse kitchen is finished and involved considerable plumbing as well as cabinet work; my wife is very pleased with the new sink. Also, a new bed for us came on the last boat, and we feel our people are being very faithful in providing for our needs. I had volunteered to paint all the white trim on the mansek weather permitting, and during August the weather did permit and I was able to finish the work.

We are holding an annual planning conference next week, the first ever held here, and we will examine our program and make plans for the year's ministry. We need especially to discuss our visitation evangelism program, our evening service and adult Bible study, our proposed senior high class and of course our advance in giving. Some of our people feel, and I am inclined to agree, that much of the material that comes from the S & P department has a strong Madison Avenue flavor which makes us a bit uneasy.

We sent out special invitations for union officials and members to attend the Labor Day service, but the response was not as good as last year. Most of our members are union men anyhow, so the special appeal loses some of its attraction. The annual planning conference was a fruitful time for self-evaluation of the entire church program, and several excellent suggestions came out of the time we spent together. We concluded with a waffle supper to which the Westminster fellowshi was invited. Our Christian education committee were faithful in recruiting new teachers for the Sunday school--we first saw each former teacher and asked if he or she wished to renew the one year"contract"; then we recruited new people to fill vacancies, and we now have at least two for each department in the team teaching set-up which our people like. We had a number of parents turn out for the RallyDay program during Sunday school hour--but I feel we had a better response last year when we held it during morning worship.

Our laymen conducted the every home visitation in connection with Worldwide Communion, and I believe they are beginning to enjoy this sort of witnessing. The session is concerned with four inactive families and has been making a special effort to reach them. It is my hope that we can have visitation evangelism on a monthly basis.

We have also resumed our recreational program vis a vis roller skating, being open each Friday evening for family skating. Coming from our planning conference was a felt need to minister to the many transient and single men of the community who hafe no place to relieve their loneliness except in the bars. So we have begun a men's group to meet for dinner every other week, with a special invitation to those who don't like their own cooking. We have been careful to tell these men that our basic purpose is to "hook" them for Christ, but we will not try to bludgeon them into the Kingdom. We do not expect a great response, but there are those who are not confirmed bar-flies yet whom we may reach; anyone is welcome. We are short on facilities for this type of ministry and have even toyed with the idea of a store-front program down on the main street--for we know many of these men will never enter a church building.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

October got off to a good start with an excellent parents meeting with Miss Ruth McClure, who gave impetus to our effort to get the curriculum into the homes more effectively. She also was of great help to our teachers through observation and suggestions and the influence of her visit can be seen in many ways on Sunday mornings; too our SS attendance is up 25% over the same period last year. We have had several actually come forward and volunteer to teach before being asked, and this always makes a pastor's heart glad. We continue to minister to youth through the choir, MF, skating and square dance program, but we are not up to par with younger children though we hope to get our Jr choir underway again now that our leader has returned. The scout troop has been slow getting started due to the scoutmaster being out of town on so many meeting nights, and the committee has to find another assistant. Cub scouts is about to begin, also, and we may sponsor this—however, I feel it would be better for another group in the community to take this responsibility.

Our laymen—6 pairs—went out again on visitation evangelism and were blessed with several commitments, some of whom have never confessed Christ. The session evangelism committee is working well and has completed a religious census and complete responsibility list—we only need more workers to reap the abundant harvest all around us. I am starting an adult communicant class looking toward Christmas public reception. Our other evangelistic effort has been in the new men's fellowship, and we thank God that we have touched several lonely men with a bit of Christ's love and concern—it is a thrill to hear these men sing and significant that their choice is often some old hymn which reminds them of past church experiences. One of the men, a Swede, cooked Beef Stroganoff (?) much to everyone's enjoyment; I am especially pleased with the concern being shown by some of our church members to win these men. Our members have also been quite effective in contacting new families who move to town with the result that several are now definitely related to the church.

I was elected to the local school board unopposed and am happy to see so many of our church members taking an active part in city affairs. Our new mayor is a trustee and may be elected ruling elder in January; two of our elders, one trustee and another member now serve on the 6 man city council, plus myself and another member on the school board. One of ourn newer members accepted an office in the longshoremen's union and he told me his effort was largely due to new vision he has found through the church. This same man plus two others gave fine personal testimonies on "Why I'm For the Church" on Laymen's Sunday

To close out the month, the congregation adopted an increased budget for 1961 and the canvass will be held Nov. 13. The advance toward self-support was taken with little discussion, and I wonder if we might have gone further—however, we do not want benevolences to suffer.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Our family night suppers continue to be well attended and have served as a means of bringing new families to the church to get acquainted. I was out of town Nov. 3-12 in connection with the presbytery meeting at Anchorage, but our lay leaders are quite talented and I never gave the home situation a thought so far as being worried is concerned. The every member canvass was planned and largely conducted by the church officers as should be the case, and the response this year has been very inspiring, especially the number of families who indicate they are tithing. The Youth Budget canvass was also conducted but I felt our preparations were not as thorough this year as they might have been for which I am chiefly at fault. The men's fellowship dinners have served to express the church's concern for people, but we must move slowly with some of these men who still do not feel comfortable in a church. They have been thinking in terms of a sort of Toastmaster's program as part of their bi-weekly meetings, in addition to other wholesome recreation. The encouraging thing is that our Christian people are beginning to see how a church fellowship can become evangelistic in its outreach and concern for others.

This increased congregational witnessing has led to increased pastoral duties for me, especially in the realm of personal counselling. In turn, this means less time for administrative tasks which ought to be done by responsible lay leaders anyhow. Our session committees are beginning to function on their own for which I am thankful, and our new Sunday school sup't seems to have a clear vision of his work--the former sup't was fairly faithful but not too dynamic; she has become secretary at her own request. The Christian Education committee has taken time to draw up written job analyses for each administrative office, something which should have been done long ago.

The Junior Choir has started singing again after the summer absence of the leader, and they will be taking part in the Christmas pageant which is already planned. The adult choir has more men regularly now but is short of robes with just 17 robes; they ordered 8 more but delivery won't be until after Christmas, which is discouraging. The choir continues to be one of the main contacts the church has with senior high young people.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Early in the month I was called to a home by a distraught young women whose mother lay unconscious and seemingly dead due to some sort of heart attack or stroke. Our doctor had just arrived, gotten her heart going and was giving artificial respiration as she would not breathe on her own. Then we discovered a note indicating attempted suicide and deduced overdose of sleeping pills; fortunately, the treatment was about the same as had been given. I learned the technique of artificial respiration by the mouth to mouth method as I relieved the doctor from time to time over a five hour period until she began on her own and was moved to the hospital. She is one of our new SS teachers and a ruling elder in another church; this was a great shock to the family but brought out many factors and feelings. This will be a pastoral problem for some time although she has had brief professional care recently. I am sure this family will need prayer and understanding which can come only through the Great Physician, and they have indeed turned to Him.

Our visitors have now called on almost every unchurched family in town, and this month sent a special letter to each one we have visited, inviting them to make or renew their commitment to Christ, and to attend our Christmas services. Response was warm and our visitors are more and more encouraged and thankful. I had to turn down a request for infant baptism because the parents are in no way really related to the church themselves, though they have sent children to Sunday school sporadically. This caused some community talk, but fortunately we had gone over this thoroughly at Session meeting and I had informed every member by letter of the policy and understanding of infant baptism. Hence the church was of one mind though some in town still refuse to understand. It has shown, however, that if the Church cares and shows concern for people and its community, they will respect her standards even if they can't agree with them.

Christmas services were warm and joyful and did not involve endless preparations--yet many remarked the pageant and candlelight service were the most meaningful ever. I have also spent some time in civic affairs as I believe the Church has not yet made her full witness here. I was chairman of a Chamber of Commerce survey group (copy enclosed) which was formed to discuss a specific issue regarding state funds available for local roads but which is evolving into a city planning commission, something Skagway has long needed. Many say our present city council is the best in years, and we ought to rejoice that the mayor and 4 of the 6 councilmen are active in our church, 3 of them as ruling elders. I am also on a school board committee charged to develop a philosophy and policy statement for our school, something we have not had.

Following the guide published by Philadelphia, our CE committee has begun a self-evaluation which promises to be revealing and humbling as we see where we are failing. Of particular concern are some young adult families whose relationship to the church is only nominal; part of the problem is an over-organized town and part the normal question of time for couples with young children. Other areas which will be interesting will be church & society, missionary education, adult Bible study and work with junior highs.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Our attendance this winter has fallen off a great deal due to two things: first, quite a number of those who never were our members, but who attended, have been going to the Baptist and the Assembly groups---where they get "free transportation" by car; and Bibles as prizes for attendance. Our session feels that where no effort to attend is put forth, that no strong character is developed. Quite a few others have moved from Wrangell.

We held our Annual Congregational meeting and dinner, which was very well attended; and have elected and installed our officers.

We were happy to have our new field man, William Pritchard, pay a visit, and give us encouragement and counsel.

At one of the most inopportune times, the hot water tank in the manse sprang a leak----flooded the kitchen, and we were able to get a local tank and got it repaired in a few days time. During the winter also, I completely insulated the manse with fibreglass.

I have been assisting over at the local High School in getting photographs of the young people in order that they may have an annual. While this pays no financial remuneration above my actual costs, I am glad to do it in order to make and keep contact with the young people.

Wrangell held a special election to select 9 citizens to form a City Charter. The mayor nominated me, and tho I did not actively seek the job, felt that in the interest of the church and good government, that I should serve. This has taken quite a bit of time, but I am glad to be of service. I was gratified to find that 5 of the 9 selected, are members or attendants of our Pres. church. This, in a town that has many people opposed to the church because it curtails their personal "rights" of drinking and rioutous living, was indeed interesting.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The last week of Feb. I was at Seattle for a meeting of Synod's council. This did not affect any of our services, as I was able to go down and back between our services.

We have been tryind to develop more for our young people, both in the way of organized youth groups, and in the church.

We have recently organized 3 Boy Scout Cub packs for the town. This is a community proposition, but it involves several of our church leaders, and I am serving on the council.

Our Baptist church has been experiencing difficulty, both in leadership and a place to meet. The local group has dismissed their minister, and though they have some active church workers, they do not seem to get along. Accordingly, on Easter Sunday they had split up, most of the congregation holding their own service without a minister. It remains to be seen what happens to the group.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

One is always grateful during the Lenten and Easter season, at the interest and response of the people. Our Lenten Devotional services have been very well attended, in spite of many conflicts and competing things. These were climaxed with a Communion service held on Good Friday night, and followed by two Easter services: Sunday School is postponed, and we ~~xx~~ concentrate on the second service. This year we were able to arrange bus transportation for the boys and girls from Wrangell institute to come in to the services. Of course the fiffy odd people involved in the two choirs were in attendance at both services, and came to the manse for a time of fellowship between the services.

The week following Easter I was in attendance at Presbytery. The Sunday I was away one of our young people took the sermon (which he read) and it was led by one of our elders.

I find that with the great numbers of strangers in town (loggers, and people hunting work) that our problem involving liquor is far greater. I have had two young couples from the church coming to me for counseling; however, in one case the divorce was filed; and another probably will be. (Wrangell has about 10 divorces pending at present----a blot upon the town.) A great deal of this is due to careless living, and liquor.

A third couple, with ~~an~~ 8 and 10 yr old children, have been coming to me for counsel----they have a terriffic problem, and they have been drinking quite a bit; but I am hopeful that we can help them; and that they will come to realize that their only source of tru strength is Christ, and cast their burdens upon Him.

Interest this summer is holding up very well. We have had several meetings with our young people and the Work Campers. However, the group do not mix too well----probably because over half of the work campers come from the same school and without meaning to, tend to act as a group of their own.

The high point of the month is our Vacation Bible School work. For the two weeks' period our enrolment averaged just over 60, with an enrolment of over 70. We were quite disappointed in that Mrs. Swanson had promised and arranged for two College students to assist us. Just a couple days before school we received word that they were being sent to Hood Bay. With the busy summer season, it is impossible to get any local teachers. One of the work campers agreed to stay on and help, and with the use of 3 high school students, Mrs. Schwab and I have made out satisfactorily, although it has put a lot of strain upon us, after a strenuous work camp.

The work campers left on the 16th, having completed painting the church kitchen and building of a cupeboard; the adding of plasterboard and perfatape in the manse living room and dining room, and painting same, and the working on the foundation of the manse porch. Although they tried hard, none of them had had any previous carpenter skill; and with the extra work of feeding, and housing the group, it would have been just as easy to do as much work with half the size group. All the group seemed very enthusiastic, and genuinely regretted the end of the period.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The town is quite discouraged in that the new Lumber Mill: Pacific Northern, has laid off all of its men. The reason given was that the lumber market in the states is down; but many think the reason is much deeper than this: too much overhead, and a desire to get rid of stockholders who also are working. At any rate, many who have been attending our services are preparing to move away, and only two companies will be cutting timber and barging it in. We trust this will be temporary, but one never knows.

Some of the new teachers have already arrived, but so far none have been attending our church. The Southern Baptists have come in, and many of the logging children attend there.

I have been finishing up the work started by the summer work campers---- woodwork, painting, etc. that they started and did not get done. We did finish one hard job: the addition of proper supports under the front porch. Improper construction had caused a lot of moisture seepage, dry-rot, and wood ants.

With the start of school the activities of the community tend to settle down. However, there is a great deal of unsettledness in the town. With neither mill working, and a deplorable fishing season, jobs are scarce, and money very tight. The two shrimp plants continue to work, and though they do not employ a great number, it does keep the "pickers" in the black, so that they can buy food.

I finished cleaning out a briar patch and the remounting of the manse oil tank-----quite a job as there was so much debris that had accumulated over a period of years-----old lumber that should have been burned, but that had grown so wet it would not burn.

The Wrangell Institute has opened----with a new Superintendent. He is far more progressive, and this year we can bring in the students to church, as often as transportation permits. We have about 35 from Barrow, and quite a number from Elim; plus a few from the Covenant church who have asked to join our group. This will mean 3 classes, to give adequate teaching.

The high point of the month of October is always the observance of World Communion. With an attendance of 95, we had 88 communicants; with a very reverent and worshipful group. With the hunting season in full swing, and many of our people away fishing, or on vacation, we feel this is a good attendance.

We have worked out a new procedure, chartering the school bus twice a month to bring Wrangell Institute children to town to church, in addition to services there. This schedule, plus the use of my car, means that each child will get in once a month to services.

I have spent about a week working with the Boy Scout group and leaders, in Cub Scout training, Boy Scout exec. meetings, and setting up with the local High School the new explorer post program. 17 boys signed up as charter members, of which 8 are from our church. I was asked to serve as neighborhood Scout Commissioner, and tho this cuts into my time I feel it is important.

I was over at Petersburg 3 times during the month for Sunday evening services----trust they soon have a pastor, as my time there is too brief.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The main event of this month was the congregational meeting which was held Jan 30th. The session planned the meeeting and it was later said that it was the best meeting the church has held since organization. I don't know what it was that made it better. But I was pleased with the way the reports were given nd the discussion about the ogan showed a new enthusiasm. We hope to wind up the organ fund by the end of February. Organizations in town are joining to try and raise the money. It has been a hard year nd we are pushing too hard maybe, but it looks like they are anxious.The organ is the sessions idea. They thought it would be a good time to show something for the money that has been collected for the new church. They have saved $3620.00 in the last9 years.

The youth work has been going well. They are organizing themselves by running their own meetings and planning their own activities. I plan to let them work out a youth budget this year. At the present they have very little money to work with. I have been doing the craft work, in planning it etc.

We have started "friendship calling" this month and have 10 new members to come into the church. The session is doing the calling and they are calling on everyone in town. We hope to have covered everyone by Easter. We are doing it slowly.

We had a wedding this month which was well attended and struggled through the music, due to the fact that my wife is the pianist and was sick.

This ended the month. With my wife and I going to Juneau after she lost her baby here. It was really a long month with my wife having a hard time and the church going full force.

Now that it is over we are thankful for comming through it as well as we did. Its hard to say that we would have been safer and better off if we were closer to a hospital. But now we are more aware of the dangers when one is isolated from medical attention.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

In looking over the months activities I see it was a rather normal month. We returned to the field with a renewed feeling. It was very relaxing to get into Juneau a few days.

The highlight of the month was the organ of course. We had the all out drive. The 3rd-5th grade youth group held a game-night which earned $200.00, and out of this the youg people gave $150.00 to the organ. Local people brought their special offerings on two different Sundays. The Five chiefs gave $300.00, And the rest came from "friends in the 48". We bought a yr. old Baldwin from an Anchorage music store $1000.00.

The organ was delivered the end of the month and the dedication was last Sunday March 6. The choir now has 18 voices and they have a real eagerness due to the new organ. Last Sunday we also brought in 15 members with a few more to come later.

new

The Session has been doing a good job with friendship calling. It was their idea to do it this time of the year. Its success is seen in the new members and the old members who have returned. I have also felt the assistance supports the total program better then if I am doing all the calling.

The Session is now concerned about the land we own in Yakutat and finding a site for the new church. Changes are coming to our fair town and the land will be taken so it was my suggestion that the session pick three sites and hold the land until we see how the community grows. There is a new road to be built through town this summer and it will be the first permanent planned feature of the towns development. From this I think we can anticipate more of the grow toward centralization.

The F.A.A. Sunday school has moved into ours and we have been able to carry the added growth without difficulty. The F.A.A. is providing transportation.

Our communicants class was very valuable for me, as it was my first and the people were interested and responded very well. All in all it was a very good month. I am sure things well change to a certain degree with the organ and the new members.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The most important happening of the month, in fact the year has been the purchase of the organ. We have had a very strong resurgence into the church because of it. The people are now convinced that the Presbyterian Church can stay. Their ave been a few people tell me that they were not sure at first due to the drop in activity in the church a dthe fact that the Covenant Church was here so long. The session said they wanted to buy the organ to show the people that we can build a church nd are now setting out to do it. The Cov. Church tried to start it some years ago but dropped it. This has been a sore point for them since.

Almost in the same bucket is the problem of land in Yakutat. The Covenant Church has been holding the land between the manse a dthe church and they say they are saving it for Native use. When the village tries to get it they are stopped. The people have become rather discouraged over this and would like to see something done about it as the city is beginning to develope and grow. I definately want to discuss this with Dr. Jackman when he is at Presbytery.

At the dedication service we brought in 15 new members. There are still a few more to come in soon but the date has not been set.

It has been a very busy month. We have had good attendence at our programs nd meetings. There is now proof of the potential for the community, as I can see what they can do when there are no distractions. At this time of the year it seems everybody turns to the church. Next year I will be ready for it, I hope. There have been a few of the town "party boys" come to thechurch program Sunday evening nd express the desire to come to the alter. This is a new experience for me. I think the future will bring a few of them in for a longer period of time then before. I think it has been tradition for them to come to the church at Easter and "get right with the world", Next year I hope to have something on the program for them.

We have been showing a series of movies called the "Living Christ Series" from Picture Inc. in Anchorage. I think this has been a very good series and in showing it before Easter we have prepared our people very well for the Easter season. The children show a favorable responce in the Sunday School concerning the pictures. Our attendence on Sunday night for the movies has been excellent. They seem to be a different croud then morning. Many who come to see the movies will never come to church, and several of these movies have been better then a 100 sermons.
Mayreld Swanson is now here and has done wonders for our Sunday School.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

This was the best month of our stay in Yakutat. The highlight was the visit of Mayreld Swanson how conducted a teacher training course for about ten days. She prepared about 6 new teachers and helped us rearrange the church for better space utilization. The teachers responded very well to her program and the church will feel her influence for a long time to come. From the session throughout the church people were motivated by her ideas. Even the pastor.

Of course Easter is the height of the Christian year and the program of the church, and this is no different in Yakutat. The whole town seems to change. People brought many many kinds of flowers for the church in memory of someone. This was quite an occasion. The flowers were paper due to the fact that snow was still on the ground. I have never seen paper flowers fixed so real. The people here make them themselves.

We had a SS program for the Palm Sunday evening service and collected money for the One Great Hour. It seemed to work very well. I think we collected about $75.00. The other services that week was a Maunday Thursday Communion service and a Godd Friday service. The Communion service at this time was new to some people abd they said they appreaisted it very much. It is sometimes hard to change programs that have been long established but when they see a few good changes they are more willing to ask for changes next time. This has been born out so far this year. When I first suggested a few changes it was like pulling teeth. But when they were met with approval afterward they started to ask about what else we could change. Now we can easily talk about most any kind of a change and it will be worked out without difficulty. In fact some changes are being pushed by some people which I think would be pushing too fast, but I say more power to them.

Choir practides were very regular and they people enjoyed it throughout. They were pleased to know that they had started early enough to not have a rush of practices the week of Easter. The new organ and robes were well used and did add a newx spirit to this traditional Easter lift for the community. Several people who only come to church on Easter were very pleased and may not have heard that the organ was in the church.

Going away to Presbytery so soon after Easter was a mistake. After such a push in program we left too big a void by leacing so soon. I know I needed the change and rest but after so much work I hated to see let down right away. When I returned I had the feeling that all was forgotten as to what was celebrated so soon before. People have expressed this same feeling to me. So I hope presbytery is a week or so later next year.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The preschool Church school was held this year before redular school was out. We have concluded that this is a very satisfactory schedule. It gives mor time and takes the load off the teachers. When the regular school is out we will wait until July for their church school. We will do this partly because we are going to camp and partly because this gives them a break between. They are too glad to be getting out of school to be putting them right in again.

Church was a success for the preschholers by all standards The teachers were prepaired, the church was completely turned over to them. Local people did participate willingly, and the children are asking for more.

The high school students came back this month and the town was pleased. We had several recreational porgrams for them but only one was planed by the church. It is a shame to have this age group taken out of a community. To me it leaves a viod in the community structure. When they come back we don't know what to do with them and they don't know what to do. Because they go away the church seems to lose them too. We should have a chaplain at the government school during the winter. These are the ones who make the backbone of the church and we provide nothing. We should discuss this at presbytery.

I was honored to be the speaker at graduation this year. The whole town turned out. Not to hear me but I learned they have a real interest in their school. Next year I will try to coordinate more through the school prodram. They dropped the ball this year with the CHristmas program and spring picnic. We will be ready to pick it up if the same thing happens.

The Memorial Day Service is an all town affair at the cemetary. Here again the people would like more then what has been done in the past. The go out and dress the graves, have lunch, and then end with a church service at the cemetary. It lends itself to a full day of work, play, picnicing and Church. This we will do next year.

All in all we feel like we have finished the heavy winter schedule as families have gone fishing. Now we will better plan for the winter.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The first two weeks of this month were spent at Rainbow Glacier Camp. We worked with the high school and the jr. hi. groups. It was not exactly a vacation. Barbara and I stayed in different cabins as counselors for both weeks. I did enjoy it and learned a great deal.

We have decided to go again to camp next year if we can but not for two weeks if we can help it. If we could start our vacation afterward it would be needed. Speaking of vacations I doubt if we can take a month off this summer so I am taking the opportunity of having elders etc. preach for me now and then. This they did while I was gone. The Church of God of Prophecy had a funeral for me while I was gone and it was held in the Hall at church time due to the families going fishing. They had the large attendence as many of the families from the camps came in for the funeral.

The second week of this month I visited the fish camps for the first trip. Then the evaluation committee came to Juneau and I went to the meetings. This I feel was the best experience so far in the life of our church. To have a chance like to report on our program and have it evaluated in light of what others are doing. And yet it is much broarder then this. I have been aware of the various problems in S.E. Alsaka and it is very good for ones outlook to see changes come when you have felt that these changes have been needed.

I believe for the first time the board has shown that they have a sincere interest in visiting the field. Before their trips have been so flighty that the people have grown to be a little unconcerned when they come or say they are coming. They say, " Oh it will be one more of those visits". Well after the Juneau meetings I feel it was not just " one more of those visits". I am sure everyone felt he had his say and now awaits the reports. Let us pray that the churches will profit by a united effort to face our new responsibilities.

After our reports of these meetings and synod our church has decided to dig deeper into where they can better serve. We realize the need to train lay leaders and study our youth and worship programs. We will see what comes of it next winter. The first new step is to set up a yearly calendar and coordinate the total effort.

We have just had our hearing for the new road through town and as people are begining to see it come they are more encouraged about the new church. They feel the new program will also help push the new church. At the manse we are finishing up the work that has been postponed due to other activities and being away. The yard is mowed regularly and the people remark about it. We have also cleaned up the yard and berries in back.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The month of July was highlighted by vacation church school. The children had been looking forward to it all summer. We had two Beachers come in and they were well trained and qualified. The children seemed to have taken to them right away. It was good to have teachers come in because our regular teachers were out fishing or working in the cannery. It also gave the teachers a break and the children as well.

The attitude of the total community toward the two teachers was excellent. The people were impressed with the quality of their teaching and went out of their way to meet the teachers and show their appreciation. When we had the closing program the parents showed their appreciation by discussing the program and individual work with the teacherx their child had.

July also marked the beginning of a missionary effort on behalf of our church. The local congregation sent me to Yakutaga the first of the month to hold services. I had a chance to "hitchhike" by small plane to Yakutaga but the church payed my return flight by commercial airline. The reception ~~xfxxxx~~ I received at Yakutaga was very good. I visited the 7 families living there with the F.A.A. and the Richfield Oil Co. drilling crew which numbers aprox. 80 men and the White Alice Construction numbering over 100 men. The visiting took the full day, and I guess I talked with 60 - 70 people about church work in Alaska. That evening I had a service which only had 9 people but that was to be expected when the Oil Co. and the Construction are working 12 - 14 hours a day.

The last week of the month when the vacation church school teachers were about to leave I suggested that they go to Yakutaga with me and hold a one day school up there. This turned out to be very good too. It was the only classwork to ever be held in Yakutaga as the church services are the first ~~xhurxhxxxxxxxxxxx~~ for the area. I think this is a worthwhile missionary point and I am proud that our session suggested it and saw to it that we could start it. I know our budget will not be able to carry it on but we are requesting for help from N.Y.

One man in Yakutaga who wanted to show how much he appreciated our interest gave the Yakutat church $50.00. This has paid back our first investment for travel. The families there are very much isolated as they have no stores or other buildings then the homes and F.A.A. facilities. This leaves them the most isolated of any community I know of in Alaska where white people make up the population. It is also sugnificant to note that a native church is sponsoring missionary work to a white community. I think it will do the church good to feel responcible to another group. Next I will take an elder with me.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

If I ever have a vacation this should be the month for it. I took a week when the local contractor for the Air Force White Alice site asked me to work for them. They had a crew of local men who were having a bad time with their boss who was also local. The superintendent then jokingly asked me to come to work and put them in line. It was only for a week so I took him up on it.

The job went well. I thought I could put 50% of the check into some special church project here next winter. The total weeks pay was over $300.00. I also took a week and went to Juneau with my inlaws and wife. Barbaras folks came for a visit the first of the month and dad and I started work on the house.

While dad was here we installed a pressure water system; finished the livingroom; which involved the finished carpentry, filling the cracks and painting; building a fruit cupboard for Barbara; repair the storeroom, chopped winters wood; etc. It was no way to treat a father-in-law but the house is very different because he came.

The most important thing is that the kitchen stove performed its usual self and sooted the house up. Dad said that if the board wouldn't get a stove now he would loan us the money to get one, and when the board pays repay him. Believe me the kitchen stove has caused us far more grief then any of the problems in town. In fact as I look back this house has been a real disgrace to the Presbyterian Church. If our church represents anything it should represent cleanliness.

The heart of this problem is that the house has been neglected for "YEARS". Now we dont have a maintanence problem, we have a problem requiring capital investment. By now at least $1000.00 has been put in on the house on a loan basis because we couldn't stand it any longer. All this came about from the $600.00 given by the board, which scratched the surface enough the require more for completion. When we leave and the board hasn't repaid us, we will sell the items in town.

Calling was lower this month because of the visit of our folks, a nd the work on the house. If this was a vacation month I may not have had to write this report. But I had something to say.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

This is the month of increased church activities. The youth group started with a nw interest. We have decided to heve each group every other week. That way we can have a more varied program and they will look forward each week to their own group. With this plan the officers have more opportunity to organize the next program. Both groups are planning a community game night to earn money for craft supplies.

The last week of this month we started Sunday Church school with several new teachers and a revised program. This was due to Mayreld Swanson's efforts last winter. The teachers she trained all started this week with much more confidence then before. I hope we can have her again this year.

Labor Day weekend a barge ran aground on our beach loaded with lumber. We are waiting for the insurance company to settle so we can buy the lumber for the new church. There is enough lumber to build 6 churches. It should be a rather simple salvage job. I think we can get it for about $90.00 a 1000 bd. ft. which is the price in Juneau. This would be $50.00 a 1000 savings due to freight costs.

The village clinic has been condemned by the Fed. Gov. due to exposed raw sewage which is drained into an open ditch across from the school yard. With school now being opened it has to be repaired. The city won't do it because they feel it is the states responcibility, and the state feels the city is responcible. Therefor the Fed. Health Authorities are closing it next month. Since no one is taking action I have contacted the authorities and have made arrangements to have the local fathers do it. I think we can clear it up in time to prevent closure. The problem is that the water pump for the school is in the same building and would be locked up. A rather ridiculous situation.

After one year of counseling with a local problem drinker I can say a break came. After his last drunk I talked with him and for the humdreth time suggested he think about going to take acure. He agreed and has now returned a reformed man. The family is back together and he is working very hard to save what he has left. He is Roman Catholic but sends his family to our church. I have tried to get his oldest son into Sheldon Jackson but he continues to attend Catholic schools without satisfaction. It did my heart good to hear that the father eagerly climbed on that plane to take the trip to the clinic in Seattle for the cure. Maybe I can spend a few more nights at home now.

Next month Rev. Ken Smiths father, William Smith will be coming to work on our kitchen.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

This was a month of activities. The first week Mr. William Smith came and helped on the new kitchen cabinets. The project was well under way when he had to return to Auke Lake. We will finish the kitchen with donated local labor. The deacons have promised to work on it soon.

Choir has started with a spirit of " having fun and creating a worshipful expereince both at rehersals and the church services". There are several new faces in the choir which adds to the joy of starting again. The new voices are adding quality which makes the director anxious to bring harder music. All in all it looks like a good year for the ministry of music.

The youth groups have organized again but we don't have the leadership we had last year. It will require more on my part. We have also decided to have them meet every other week to provide more variety and stimulation. I felt that last year some things began to "get old" by meeting too frequently. The youth group sponsored a "Game Night" to earn money for craft materials etc. Some would call it a Carnavel but the games were picked for their skill, except Bingo which was organized for entertainment. I asked several of the people about the Bingo and they felt it was not Typical. One said " We all played if the prize was a doll or a cup etc. Therefor the game was not for the prize but the enjoyment. Mr. Smith who was questioning the program afterward said, "I don't see how the church could object to something like this". It was planned for the kids to have fun and raise a little money for their crafts and program.

The Halloween party was held at the school and the kids said it was the best yet. It too was community centered and only for the children. The adults had a great time watching however. So between the Game night and the Halloween party the month provided good clean fun for the children. This is a problem around here because the minister seems to be the only one interested in organizeing something for the children. I don't complain as long as I get support which I have always had.

The septic tank at the clinic hasn't been repaired as yet. This disturbs me because I had it lined up several times but the contractor who is loaning the equipment can't let it go yet. I hope the job isn't postponed too long. It would be very serious to have it closed down. This would close the school too. The preacher could end up being a hero or hung by the end of the month.

The session met and discussed the purchase of lumber from the wrecked barge, but became discouraged when I read the tellagram from Mr. Carson. They said, "OH New York tells us what we can do with our money". I tried to explain but wasn't succesful. Mr. Pritchard is coming to clear the point up after Presbytery.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

I can't put into words the value of the meeting in Anchorage. To me it was a first for the Presbyterian Church in Alaska. In the past it seemed Alaska was a third cousin to the total program of the church. Before coming to the field myself I talked with many from the church about Alaska and nobody seemed to know much, but they did care. At this meeting for the first time I felt Alaska would become a normal brother to the other judicatories of the church. There seemed to be a united desire to assume our share of responsibility and at the same time a fear of jumping too soon.

To me the greatest fear was the possible loss of security connected with Dr. Jackman and his very efficient and personal staff. Dr. Sharp's words at the end of the meeting should have been recorded to be referred to as a medication for the growing pains ahead. We in no way can replace the personal contact with the NY office as found with Dr. Jackman, but on the other hand we cannot become a mature "person" in Christ without taking our burdens.

When we returned the congregation wondered what were the possibilities of a new church? We tried to discuss with them the more important possibility of having a full time welfare worker on a pilot project, but as yet it doesn't mean much. I have been returnigg to the subject from time to time and I think we will be ready to discuss it when the time comes. The hopes for a new church are still very high. I amsure the desire will remain until a study is begun. The more I have thought about it I am convinced we should waitx a while before building. As was said in Anchorage by Ken Smith,"Yakutat is in a fluid condition". I think of this differently then Mr. Smith I am sure. I see the new road going through next year and progress continuing from then on. Therefore to me Yakutat is in a period of change, and I feel thex village had hit its bottom and the period of reconstruction has begun. It will be very important to study the pulse of this and prepare in advance an adequate church program and plant. The areas for land use is being discussed now by the city, forest service, FAA, Military, and Cannery.

Several months ago I mentioned the problem with the clinic septic tank. That it had created a health hazard to the school with raw sewage in the ditch across from the school. The inspector had threatened closure of the clinic if this problem were not solved. This would also mean the closure of the school as the school water supply comes from the clinic. The city could not legally become involved and the state wouldn't either. Therefore the Fed. Gov. was ready to lock it up. I talked to several people in the church and with companies around. The solution was for a group of interested villagers to form a work party and dig a hole for a new tank and supply line etc. We did the job Sunday Nov. 20 in the worst snow storm of the year. Turnout 22 men with Chris Berg digger- time & materials donated.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

December is by far the most exausting month. The programs went much better this year. Probably due to the fact that we knew what the groups could do and what they couldn't, also who we could count on and whom we couldn't. Last year we joined with the school and local ANB and had one big program. It was my impression that the religious significance was lost in the addition of the secular groups.

The Watch Night Service was better attended this year too. We had a good movie and ended with a service and refreshments afterward. The problem is that most everybody still feels the New Year demands that we start it right by getting good and drunk. The service the following morning showed the result with only a few in attendance. And when I went through town it was a sad sight indeed. One reassuring thing is that they will be loyal and good from now until Easter. If we don't get a good responce now it is our fault. It really demands the most of you to forget what has happened a few days ago nd look ahead.

The womens group wrapped presents for the school children that are away. It was a mixture of local backing. Everyone pitched in and had a lot of fun doing it. The children have aslo showed their pleasure in having received them through their letters to us and to their homes. Its actually a shame that these high school children are away for the Christmas season.

As for the local high schoolers at Sheldon Jackson I am proud and punch. Dr. Armstrong and I tried extra hard this year to get some good students at S.J. from Yakutat and the seccess is very rewarding. A year ago several said they wouldn't go to SJ. regardless, and they didn't, but they were surprised to see the number of local leaders go instead. And those who have gone have gone out of their way to let the town know that they like it. I think the hurdle has been jumped, the new students for next year have been talking about S.J. already.

The White Alice project has been completed and the contractors have moved out. I found the short period I worked for my vacation really paid off. When the contractors moved out they gave me a great deal of left over material. There was at least $200.00 worth of ceiling tile (the best quality), $50.00 of floor tile, $150.00 of wiring supplies, and $150.00 of plumbing supplies with more to come. After I left work there I would go back from time to time and visit the number of men who had been coming to church, now they have gone some are writing. I think it was a good witness for the village to experience, they have always seen the other kind of construction worher etc.
